

 **VISHAL**
Group Of Companies

Offering Excellence At Every Step!

Vishal Group embarked on this journey of excellence in the year 1986. A family of committed businessmen led and nurtured a small venture into a large organization. The name Vishal (in Hindi) stands for gigantic and this name has now become synonymous with a dedicated and trusted supplier of all consumables for the printing industry across the globe.

Vishal Group of Companies has been a trusted name for over 3 decades in the printing industry and continues to set new landmarks in this field. With our base in Mumbai, we have a track record of serving over 100 clients, we aim to grow aggressively in the coming years. We have always strived to maintain the right balance of diverse products and unmatched customer service. Though we have achieved many milestones yet we aspire to prosper more with the further goal being set.

At Vishal Group, we are enthusiastically committed towards rising our empire. Our effort and commitment are visible in our turnover and our continuous expansion. Our family business underlines cohesion. Today our third generation proudly and successfully continues the tradition of nurturing a bunch of various companies under Vishal Group.

The ruthless competition in our industry keeps growing intense with every passing year. Hence at Vishal Group, we equip ourselves with the technological advancements every now and then and with all the products that printing industry consumables should possess. Needless to say, all the printing essentials of your business needs are available under one roof with us. Over the years we have earned the trust of all our customers and gained a label of being one of the most dedicated and worthy suppliers in the printing industry.

Our team spirit strengthens us to go the extra mile. We have a powerful and talented pool of professionals who possess excellent managerial, technical, and analytical skills. This helps us study and understand our customers and their requirements to the core. To many, we offer tailor-made printing consumable solutions irrespective of where they are located

Vision & Mission

*From quality to price to service,
all that we deliver is dyed in excellence!*

VISION:

- *To be the most trusted, leading and largest supplier of quality printing products.*
- *To make the printing process hassle free with our value added services.*
- *To make our presence across the globe and be a renowned global player*

MISSION:

We aspire to bring about a change in the printing industry by offering world-class products with on time service at a matchless price at the doorstep of our customers.

We Are Proud

Of being the leading importer and channel partners for the following companies

INK KITCHEN

*Ink matching has been one of the greatest strengths of **Vishal Group**, with our experience of over 20 years in ink matching and working closely with customers, we have seasoned ourselves and techniques. We provide adequate consultancy and guidance to our customers to meet their objectives of enhancing operation efficiency and save them from making losses. We are equipped with spectrophotometers, color matching software, proofing kits and highly trained experts to provide best results in matching colors accurately. We maintain enormous database of all the colors matched and follow strict quality control standards, in order to maintain consistency in quality and ordering/re-ordering process. Our sole aim is to provide our customers accurate, high quality colors on time, every time.*

THE BARRING EXPERTS

Being the largest converters in India we have an IN - HOUSE STATE OF THE ART BARRING FACILITY and we are equipped with two cutting and two bar presses. These pneumatic machines are imported from Europe to give our customers precise quality each time. We are the first in India to bring this world class barring facility. We follow international barring practices recommended by Oem's like KBA, MAN, GOSS, ORIENT TPH, MANUGRAPH, HEIDELBERG, etc. With our trained and skilled man force and for the above reasons we take due prestige to call yourself "The Barring Experts"

CTP Plates

Layer	Double
Thickness	0.15mm, 0.25mm, 0.30mm
Color	Blue
Spectral of sensitivity	830nm
Resolution	1-99% @200lpi
Exposure Energy	120-140mJ/cm2
Recommended Developer	PrintSet CTP Liquid (Developer & Replenisher), Dynamic supplement 80-120ml/m2, Static supplement 80ml/h
Develop Temperature	23±c
Develop Time	25±5 Seconds
Impression Run	50,000 copies for uv ink, 200,000 copies for ordinary ink
Storage Conditions	Keep in the dark, cool and dry place, the temperature of 5-30°C.
Storage Term	12 months

CTCP Plates

Layer	Double
Thickness	0.15mm, 0.25mm, 0.30mm
Color	Blue
Spectral of sensitivity	405nm
Resolution	2-98% @200lpi
Exposure Energy	50-60mJ/cm2
Recommended Developer	PrintSet CTCP liquid, Dynamic supplement 90-100ml/m2, Static supplement 80ml/h working liquid 1:4- 1:5, replenish 1:3.5
Develop Temperature	23±c - 25±c
Develop Time	25±5 Seconds
Impression Run	50,000 copies for uv ink, 200,000 copies for ordinary ink
Storage Conditions	Keep in the dark, cool and dry place, the temperature of 5-30°C.
Storage Term	18 months

Underpackings

- **Calibrated paper** -
From 100 Mic(4 Thou) to 500 Mic (20 Thou).
- **Polipack Adhesive/ Non- Adhesive/ Matt Self- Adhesive** -
From 100 Mic to 550 Mic
- **ICP paper** -
Anti- Marking Paper for Japanese make printing machines.
- **Ink duct foils** -
Only For Heidelberg machines.
- **Policoat** -
0.53 Mic Film for UV and Aqueous Varnish
- **Polispot** -
Substitute of a Coating/ Stripping Blanket for UV and Aqueous Varnish
- **Auto-wash cloth Dry/ Wet/ Mini/ Jumbo** -
For Ryobi, Mitsubishi, Komori, KBA, Heidelberg, Shinohara machines
- **Anti- Marking Film and Jackets Adhesive/ Non - Non- Adhesive (Print Guard USA)**
